The North West Regional Psychotherapy Association usually posts summaries of our monthly Zoom seminars on this website. This means that this online information is publicly available.

Sometimes we agree with our speakers to restrict circulation of a summary of a seminar. This is usually because of our concerns about client and/or therapist confidentiality.

For this seminar we restricted circulation to members of the NWRPA.

If you are a member of the NWRPA, and would like a copy please email Frank Kelley at [nwrpa2010@ntlworld.com](mailto:nwrpa2010@ntlworld.com)
